---

Please keep the following in mind when considering our uniform code: The aim of the uniform is to break down barriers between students and to remove distractions in the classroom. It also seek to unify the student body for the common purpose of learning well together. If a uniform is worn properly it will not call attention to the student as different from the others. Please help us by reminding your child of the uniform policy. If they show up at school with clothing that violates the dress code we will call you to bring them replacement items.
