

## Testing Process for Logos Classical Academy

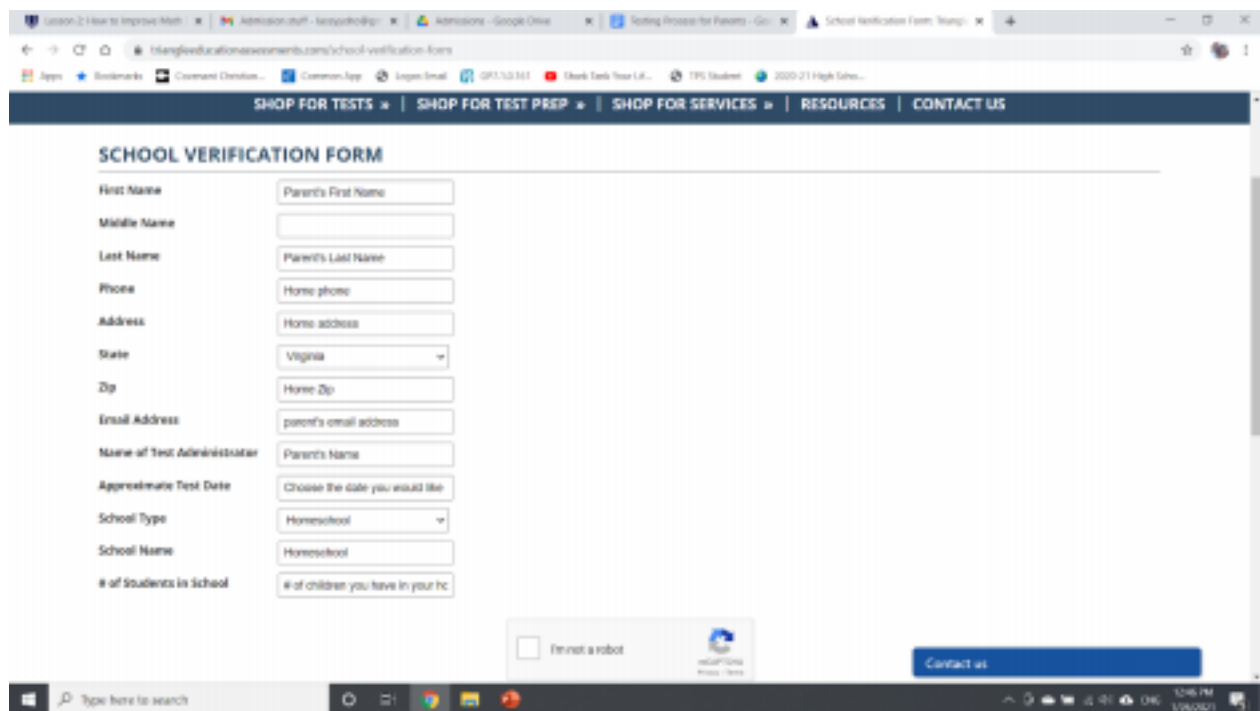

All applicants of Logos Classical Academy who will be entering Grades 1-9 in the fall are asked to submit results for the Iowa Test of Basic Skills as a part of their application. The purpose of this testing is two-fold. Results are one of the ways we can ensure that we are able to meet the academic needs of the student. They also help teachers plan for instruction in the upcoming year. With small class sizes, teachers can individualize instruction to support student learning and test results can provide some insight into how to plan for the year.

### Steps to Testing:

- Visit Triangle Educational Assessments Website: <https://www.triangleeducationassessments.com/>  
Choose “Shop for Tests” then “Achievement Tests” then “Online” then “Iowa E”. The online test will cost \$40 per student.
- Order the Iowa Test of Basic Skills - form E test for the grade that your child is completing this year.

Your student will take the test on a computer and results will be returned very soon after completion via email. The test should be conducted over 2 days and will require 1-2 hours each day. We recommend morning testing but an afternoon session is available as well. The day your student is scheduled to take the test you will receive a link via email around 9:15 to begin the test.

- Fill out a **School Verification Form**. Answer as if you are homeschooler since the results will not be used at a public or private school. Below is a sample of answers
